Docket No. 98N-1265  
Food and Drug Administration  
500 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I vehemently oppose the government's intervention as to what

I choose to do in order to feel better. I strongly suggest that the  
FDA focus on where our tax dollars go in regard to supporting drug  
addicts who continue their habit and drain society because they are  
unable to rid themselves of drugs.

It took me a long time to find an alternate way to survive  
menopause and its effects on my day to day life. I can now function  
without the symptoms of prescription drugs. Leave us alone to heal ourselves  
the way we see fit.
